**NOTIFICATION OF NON-COMPLIANCE WITH THE REQUIREMENTS OF 37 CFR  
41.37(c)**

A review of the file indicates that appellant filed the Appeal Brief of December 16, 2004 using the format set forth in 37 CFR 5 1.192(c). However, 37 CFR 1.192 was abolished on September 13, 2004, and replaced by 37 CFR 41.37(c). Accordingly, the Appeal Brief filed on December 16, 2004 does not comply with 37 CFR 41.37(c).

37 CFR 41.37(c) states:

(c)(1) The brief shall contain the following items under appropriate headings and in the order indicated in paragraphs (c)(1)(i) through (c)(1)(x) of this section, except that a brief filed by an appellant who is not represented by a registered practitioner need only substantially comply with paragraphs (c)(1)(i) through (c)(1)(iv) and (c)(1)(vii) through (c)(1)(x) of this section:

(i) Real party in interest. A statement identifying by name the real party in interest.

(ii) Related appeals and interferences. A statement identifying by application, patent, appeal or interference number all other prior and pending appeals, interferences or judicial proceedings known to appellant, the appellant's legal representative, or assignee which may be related to, directly affect or be directly affected by or have a bearing on the Board's decision in the pending appeal. Copies of any decisions rendered by a court or the Board in any proceeding identified under this paragraph must be included in an appendix as required by paragraph (c)(1)(x) of this section.

(iii) Status of claims. A statement of the status of all the claims in the proceeding (e.g., rejected, allowed or confirmed, withdrawn, objected to, canceled) and an identification of those claims that are being appealed.

(iv) Status of amendments. A statement of the status of any amendment filed subsequent to final rejection.

(v) Summary of claimed subject matter. A concise explanation of the subject matter defined in each of the independent claims involved in the appeal, which shall refer to the specification by page and line number, and to the drawing, if any, by reference characters. For each independent claim involved in the appeal and for each dependent claim argued separately under the provisions of paragraph (c)(1)(vii) of this section, every means plus function and step plus function as permitted by 35 U.S.C. 112, sixth paragraph, must be identified and the structure, material, or acts described in the specification as corresponding to each claimed function must be set forth with reference to the specification by page and line number, and to the drawing, if any, by reference characters.

(vi) Grounds of rejections to be reviewed on appeal. A concise statement of each ground of rejection presented for review.

(vii) Argument. The contentions of appellant with respect to each ground of rejection presented for review in paragraph (c)(1)(vi) of this section, and the basis therefor, with citations of the statutes regulations, authorities, and parts of the record relied on. Any arguments or authorities not included in the brief or a reply brief filed pursuant to 41.41 will be refused consideration by the Board, unless good cause is shown. Each ground of rejection must be treated under a separate heading. For each ground of rejection applying to two or more claims,

Art Unit: 3661

the claims may be argued separately or as a group. When multiple claims subject to the same ground of rejection are argued as a group by appellant, the Board may select a single claim from the group of claims that are argued together to decide the appeal with respect to the group of claims as to the ground of rejection on the basis of the selected claim alone. Notwithstanding any other provision of this paragraph, the failure of appellant to separately argue claims which appellant has grouped together shall constitute a waiver of any argument that the Board must consider the patentability of any grouped claim separately. Any claim argued separately should be placed under a subheading identifying the claim by number. Claims argued as a group should be placed under a subheading identifying the claims by number. A statement which merely points out what a claim recites will not be considered an argument for separate patentability of the claim.

(viii) Claims appendix. An appendix containing a copy of the claims involved in the appeal.

(ix) Evidence appendix. An appendix containing copies of any evidence submitted pursuant to 1.130, 1.131, or 1.132 of this title or of any other evidence entered by the examiner and relied upon by appellant in the appeal, along with a statement setting forth where in the record that evidence was entered in the record by the examiner. Reference to unentered evidence is not permitted in the brief. See 41.33 for treatment of evidence submitted after appeal. This appendix may also include copies of the evidence relied upon by the examiner as to grounds of rejection to be reviewed on appeal.

Art Unit: 3661

(x) Related proceedings appendix. An appendix containing copies of decisions rendered by a court or the Board in any proceeding identified pursuant to paragraph (c)(1)(ii) of this section.

(2) A brief shall not include any new or non-admitted amendment, or any new or non-admitted affidavit or other evidence. See 1.116 of this title for amendments, affidavits or other evidence filed after final action but before or on the same date of filing an appeal and 41.33 for amendments, affidavits or other evidence filed after the date of filing the appeal.

(d) If a brief is filed which does not comply with all the requirements of paragraph (c) of this section, appellant will be notified of the reasons for non-compliance and given a time period within which to file an amended brief. If appellant does not file an amended brief within the set time period, or files an amended brief which does not overcome all the reasons for non-compliance stated in the notification, the appeal will stand dismissed.

A review of the application indicates that the following sections are missing from the Appeal Brief of December 16, 2004:

- 1) "Summary of claimed subject matter" as set forth in 37 CFR 41.37(c) (1) (v) ;
- 2) "Grounds of rejection to be reviewed on appeal" as set forth in 37 CFR 41.37(c)(1)(vi);
- 3) "Evidence appendix", as set forth in 37 CFR 41.37(c)(1)(ix); and
- 4) "Related proceedings appendix", as set forth in 37 CFR 41.37 (c) (1) (x).

A substitute brief that is in compliance with 37 CFR 41.37(c) is required. For more information on the Board's new rules see the web page entitled More Information on the Rules of
